

Canoedd y Cymoedd

Cymdeithas y Cerddwyr pellter Hirion

National Curriculum

- You will be able to show how you can work at a **Level 4** by:
knowing an increasing range of words

Learning Objective

- To increase your vocabulary by independently using a dictionary

Often a place name can help walkers check they are on the correct route and give them information about what to expect.

In Wales a lot of the names are in Welsh, yet walkers from all over the UK will be entering the Valleys Hundred.

You will be compiling a list of Welsh names in the area, with translations to help them know what the area is like.

- These web sites will help you or you could use a Welsh/English dictionary.
