

## Shillington Shuffle 2014

Dear Norman

I want you to know how much I enjoyed yesterday's Shuffle, from start to finish, in spite of all the mud, a few drops of rain, and, in my case, finishing in the dark. It was very well organised, with good support at the checkpoints, a good new route, and an excellent route description. The latter was a model: there were hardly any ambiguities and lots of helpful interpolations, such as landmarks to note and possible turnings to ignore, providing regular reassurance to walkers that we were on the right route. (If BBN use the route again, the wording at the two stumps section would benefit by fine tuning.)

Best wishes  
Gabriel

Hi Mike,

Congratulations and thanks to you and all involved on another excellent event. The route description was first class as was the food and the welcome at all stages.

Best wishes,  
Dennis

Mike

utterly brilliant day out today. Please thank everyone involved. Directions were perfect ( didn;t get lost once, despite the fog!) and the checkpoints were just awesome.  
I will definitely return next year in the hope of seeing some views :)

Thanks again  
Carolyn

Dear Mike,

I have just got back from completing today's Shillington Shuffle and just wanted to say what a fantastic event it was. There was a group of 9 from Bearbrook Running Club in Aylesbury running the 18 miler this morning and we all agreed it was a fantastically well organised event. Please pass on our thanks to all involved including those at the checkpoints who produced some lovely food for us to enjoy and not forgetting those back at the hall in Barton who served us up some lovely food when we finished. We will definitely be back next year for more.

Kind regards  
Kelvin Ripley  
Bearbrook Running Club

Hi Mike

Please pass my best wishes to you and the crew that made the day such a success.

Can honestly say the last 4 miles was definitely challenging and very glad to finish.

Take care and see you soon  
Georgie

Dear Merrian Lancaster and LDWA,

I took part in the Shillinton Shuffle today and it was a good run despite the fog (and muddy fields). Especially the food at the checkpoints was very good as well. I would like to thank all the organisers and volunteers for this great running /walking event.

Thanks and best regards, Annelies Gerber

Thank you so much for brilliant organisation, friendly faces and delicious snacks. This was our first Idwa, and will definitely not be our last.

Caroline and Jamie x.

Merrian/Dave,

I would like to pass on my sincere thanks for yesterdays event.

Whilst we all do events in difficult conditions and at differing levels, for me yesterday was a return from months of frustrating injury and whilst probably not the wisest way to return, step by step I covered the ground and with the amazing support from every one at all the CP realised more than every the reason I do these events and how much I have missed my walking.

Please pass on my thanks to every one who helped to make this fantastic event, on a personal level sometimes one event means more than another.

Kind Regards

Peter

Morning Merrian,

Please would you convey my thanks to all at BBN involved in the Shuffle yesterday for a first-class day out. Good route, good food and good checkpoints. I look forward to a repeat in 2017 when it will hopefully be fog-free and we can enjoy the views!

Best wishes,

Michael.

Hi there,

Can I just say that having run my first ever marathon with you this Sunday, I couldn't have enjoyed myself more! What a great introduction. I'll look forward to future events.

I was just wondering if the results get released and where would I look for these?

Thanks

Charlotte
