For the first time in over 30 years the 30 mile route did not pass through Knole Park. In order to keep the event going we were obliged to hurriedly seek new premises. West Heath School a mile west of the town proved to be very good and our helpers adapted well to restricted facilities. It's the only walk HQ I know that is lit by chandeliers!

The new sections of the routes were well received by the 173 starters. 49 failed to turn up and 5 retired. Thanks to all our regulars and newcomers for supporting us, and our members and friends who helped to make another successful event.

Apologies to those who wished to enter but couldn't due to the limit on numbers. Next year we should be able to increase the number of entrants we can accommodate and, by devising some new routes, ensure that all pass through Knole Park as in former times.
