

## 44th Sevenoaks Circular Walk Sunday 17th March 2019

**LDWA Kent Group**  
[www.ldwa.org.uk/kent](http://www.ldwa.org.uk/kent)

**The 44th Sevenoaks Circular** was once again based at West Heath School and the morning saw clear skies but with temperatures not far above freezing. This changed later in the day when there were outbursts of hail, sleet and finally snow.

Altogether there were 174 starters on three routes - 31, 20 & 15 miles with 92 starting the long route and 39 and 43 respectively on the two shorter routes. However on the day we had 57 no shows, quite a large percentage of the entries which seems to be a trend lately.

The 31 miler headed east through Knole Park to Ightham passing the historic Ightham Mote, then continuing to Weald, before turning north joining the shorter routes to Knockholt and following the North Downs Way. All three routes returned via Dunton Green and Knole Park to the finish.

There were 169 completions in total with only 5 retirements, although 5 walkers doing the 31 miler changed down to the shorter route as they were behind time. The first runners to finish were three Davids, all on the 31 mile; David Symons and David Wakeling in 5 hours 6 minutes with David Barker a minute later. The first lady back was Christine Howard in 5 hours 44 minutes.

All the entrants finished within the ten and a half hour time limit. An excellent buffet was provided by Joy Davies and her team.

Many thanks to all the marshals who helped in making the event a success.

**Dave Sheldrake**

**Next year's Sevenoaks Circular is provisionally booked for 15th March 2020.**

**Lost property:** There were two missing items:-

- 1 blue sleeveless bodywarmer
- 1 blue waterproof jacket

Both of the above were left at the school but unfortunately went missing.

If anyone has any information about these items please contact Dave Sheldrake (01732 823643).

### **Our next challenge events**

#### **HIGH WEALD CHALLENGE: ANDREDSWEALD CIRCUIT**

**on Sunday 14th July 2019**

**26, 20 and 15 miles**
