Dear Chris

Thank you very much for your donation of **£93.00**. This will be used to maintain and renew the Team's facilities. Running two fully equipped rescue vehicles and a purpose built rescue centre is expensive and all our funds have to be raised through the generosity of people such as yourselves.

Team members, who provide most of their own equipment, receive no payment for their services and would not expect any.

Yours sincerely

C G Scott (Mr) Vice President
