Dear Chris

Thank you very much for your donation of **£200.00**. This will be split three ways.

- A) In order to provide cover to events the team needs a Medical Malpractice insurance policy. The cost of this is met by taking a third of all the donations we receive from such covers. This ensures that all the money donated to the team for our normal role is not needed for this additional insurance.
- B) A further third will be used to maintain and update our medical equipment and training so that we can provide the best cover possible at any future event.
- C) The last third will be used to help to finance the cost of replacing our two current vehicles which are now both over ten years old, as on such events it is essential we have suitable vehicles available.

I'm sorry to hear that you have stood down, but from my current role I know how much time you must have given as Organiser. I wish you well for the future and hope the event continues in the splendid way you have ran it.

Yours sincerely

Jim Thompson (Mr) Treasurer
