Charity Commission Registration Number 1003956

Website: northoftynesearchandrescue.org.uk

Ms Christine McDowell

5th December 2010

Dear Chris and the Long Distance Walkers Association

I would like to take this opportunity to thank you and your associates for supporting the North of Tyne Mountain Rescue Team by making a donation to our team.

The total of the cheque I received was £100.00 for which we are grateful.

The Team provides a valuable community service in life saving search and rescue, 24 hours of the day, 365 days a year in Northumberland and Tyne and Wear and covers an area of 2500 square miles. We are self supporting through fundraising and charitable donations with Team members paying for their own travel costs to call-outs and training, as well as providing much of their own personal safety equipment. We are from a diverse range of backgrounds and are aged between 22 to 62 years. Our main focus is providing the police with a valuable community service in the search and/or rescue of missing persons ranging from lost walkers, despondents and vulnerable people to specialist rescues for outdoor pursuit casualties.

Please do not hesitate to contact me at secretary@northoftynesearchandrescue.org.uk if you require any further information regarding the Team.

Yours sincerely,

Mark Silmon
NOTMRT Team Leader
