Dear Chris

Thank you very much for your further donation of **£100.00**. Once again I would like to add this to our slowly growing third vehicle appeal fund. The recent snow, earlier than usual, causes extra work for our current Landrover and re-enforces the argument for an additional vehicle.

As you are aware, all funds must be raised from the public and where there is a need for additional equipment we launch an appeal. Without your help, this would be impossible to achieve: our income is usually only sufficient to meet running costs.

We are fortunate in that Team members provide much of their own equipment and receive no payment for their time. This means that any income we receive is directed to provide the service we offer.

Yours sincerely

C G Scott (Mr.) Vice President
