

Surrey Group LDWA

Challenge Event Dog Registration Form

Event:

Date:

Surrey Group regret the necessity for this bureaucracy but have had to have regard to LDWA national guidelines, an unfortunate dog incident on a challenge event and the need to maintain our reputation with landowners so that future events can continue to use the countryside that we all value . It is hoped that these simple arrangements may be seen as preferable to an outright ban on dogs on our events.

Conditions for a dog to accompany an event entrant: The entrant undertakes to keep their dog under control at all times (including the dog being on a lead whenever close to livestock or the likelihood of livestock) and that they accept liability for any incident arising from their dog being on the event. The entrant declares that they hold adequate dog liability insurance as described. In the event of any incident they undertake to report full details to the organiser as soon as possible.
