

Fifth Guildford Scout Group - FIFTH "GUILDFORD BOUNDARY WALK"

Report and list of finishers for event held on Sunday 10th September

With over three hundred entries for the Boundary Walk and fine weather throughout the day, the event was declared a success by the organisers. Favourable comments after the walk by those taking part, and supporting letters later, suggest that the tour of Guildford's environs was well received by all who completed the challenge.

Normally the walk is held every other year but, with fresh organisers, it was decided to promote the event this year and probably make it an annual event. The venture was to have been held in conjunction with Guildford Lions walkers but due to late publicity very few of their walkers appeared. However, the Lions committee route.

The section of the route between Sutton Green and the A3 road was improved by the lifting of a footpath out of a wet ditch that many veteran boundary walkers will remember and later the long trek along a road was replaced by a walk along the towing path. It must, however, be noted that the short section along the drive to Sutton Place gates is not a right of way and was only used after permission had been obtained.

Although the checkpoints were opened, as we thought, to be ready for the fastest walkers, the leaders were rather quicker than expected, and consequently some of the early arrivals missed out on drinks. Newcomers, and a few who had done it all before, were led astray by a "TL" that should have been a "TR" soon after CP 3. Fortunately, all except the couple that nearly reached Shere managed to get back on route and make the finish. Newlands Corner is always a problem for Boundary Walkers because of the maze of minor and unmapped paths that abound there, but before the next event it is hoped that the local authority will be able to clear the proper path.

For those that like figures, there were 318 entries, and of these 266 started, and 226 finished in times ranging from a "record" 3 hours and 7 minutes for runner Steve Smith, to 9 hours and 35 minutes, the last recorded time.

ALAN BLATCHEORD

LIST OF ALL RECORDED FINISHERS

Times are in hours and minutes from 19.00 and late starts are not accounted for. Runners started at 11.00 and where it is known they are shown by an "R". For runners actual times, one hour should be deducted from the time shown.
