

The sixth annual "GUILDFORD BOUNDARY WALK" held on Sunday 23rd Sept 79

REPORT and LIST OF FINISHERS

Whether it was the new organisers, Surrey LDWA, or the recently published booklet about the walk that attracted a record number of entries is not clear but whatever it was it is a fact that the "Guildford Boundary Walk" is now probably only second to the "Tanners Marathon" in popularity. Unlike many of the previous promotions of the event a large proportion of the entry was families and local people - some attempting their longest walk ever. The ten o'clock start saw nearly four hundred set out on the 21½ miles circuit - all hoping to successfully return by seven. Two hours later fortyfour more speedy types set off in the footsteps of the walkers.

Although a little cool for the early marshals the dry but cloudy weather was ideal for walking and generally the underfoot conditions were better than for some of the past Boundary Walks. This year there fewer "deliberate" mistakes in the route sheet and there were no reports of anyone going seriously astray except where they had misread the directions.

The later secondary start was designed to cater for those that wished to jog or even run around the route thus shortening the "open" time of the later checkpoints. However some of the early starters, maybe looking for glory, became runners and subsequently arrived at checkpoints near the end far too early. The fastest time of the day was achieved by David Rosen(2.47) with his wife Miriam setting a new ladies "record"(4.01). The youngest finisher was four years old "local" Matthew Cartwright who admits to a little support from his father Tony, mother Louise, and brother Colin(6). At the other end of the scale mention must be made of Leslie Griffiths(74) and Fred Plumb(72) of Sussex who made light of their years and finished in under seven hours. Just to prove you're never too old they are now training for a hundred miles event! Another successful Walker was recently the recipient of a transplanted kidney. The furthest travelled walkers were probably the LDWA members Geoffrey Struthers from Teeside, and Graham Rowsell from St. Austell in Cornwall. In addition to the two footed walkers there were a number of canine finishers that duly received certificates.

Someone asked how many times a year the walk is held. The answer was of course "once". However the Surrey Group of the LDWA do offer a number of other challenge walks:- "Surrey Inns Kanter" (12 and 18 miles), "Punchbowl Marathon"(30 miles), "Winter Tanners" (30 miles), "Surrey Summits"(100 kilometres), and a number of other less formal walks. Further details may be obtained about these walks and the Surrey Group from 11 Thorn Bank, Onslow Village, Guildford.

Alan Blatchford

NEXT YEAR the walk is expected to again take place on the third Sunday in September. Refer to "Strider" or local paper. It is hoped to have a cloth badge available in 1980.

BOUNDARY GUIDE booklet is available in local shops or from the above address(85p inc postage).

OTHER CHALLENGE WALKS are previewed in "Strider" the official journal of the Long Distance Walkers Association. The next issue will be in December. Membership of the LDWA is currently £1.75.

WALKS IN THE SOUTH EAST include "Tanners Marathon"(Leatherhead), "Sevenoaks Circular", "Andresweald Circuit", "Wessex XXX"(Winchester), "Chiltern Marathon", "New Forest Marathon", "Vectis Marathon"(I.O.W.) "Downsman Hundred"(Winchester to Eastbourne) plus those mentioned above.

COMPLETE LIST OF ALL RECORDED FINISHERS(Walkers - 10.00 start)

The times in this list are from 10.00 irrespective of the actual starting times of individuals and to the nearest minute down. Times are in hours and minutes. See separate list for runners.

FINISHED	237	226	376(inc 42 runners)

First held in 1970 then in alternate years until 1977.

DETAILS OF OTHER WALKS ORGANISED BY THE SURREY GROUP OF THE LDWA

"LITTLE DOWNSMAN"

An informal walk that will cater for long, short and non walkers. On Sunday 11th November. Coach from Guildford to Winchester then long distance walkers will set off for a 23 miles trek along the route of the first section of the "Downsman Hundred" route to finish near Petersfield. Others not wanting to make the long walk may look around Winchester and later walk from Old Winchester Hill to the end. "Non-walkers" will stay on the coach and be able to look around the Queen Elizabeth Country Park where the walk finishes. Held only in the period before the hundred miles challenge.

"SURREY INNS KANTER"

An annual wayfinding walk with an option of tackling a long (about 16-20 miles) or short (10-12 miles) walk. Starts and finishes at St. Catherines, Guildford on New Years Day. Several pubs to visited (no obligation to imbibe!). Certificates to finishers.

"PUNCHBOWL MARATHON"

A long established 30 miles challenge event now held in the Winter. A good test for strong walkers who should attempt to complete the circuit between dawn and dusk. Starts and finishes at Witley, Surrey. Mainly self supporting but a few checkpoints. Held on the first Sunday in February each year.

"WINTER TANNERS"

Originally held as a survey walk for the popular "Tanners Marathon" but now an event in its own right. The route is basically that of the July Tanners Marathon (30 miles) but is for strong walkers. Only two support points (soup). Starts and finishes at Leatherhead, Surrey at 08.00 on the first or second Sunday in January each year.

The Surrey Group meet once a quarter at "the Leg of Mutton" at Ashted, Surrey to plan more walks, with a supporting feature such as a slide show or talk.

THE ULTIMATE CHALLENGE is what the LDWA hundred miles annual 100 miles event has been called. In 1978 the venue was the North Yorks Moors, this year it was Dartmoor, and in 1980 it will along the South Downs Way plus the section from Winchester to the Sussex border (see "Little Downsman" above). Open to all walkers (and runners) provided they have completed at least a thirty miles event recently. Time allowance is 48 hours. Full support (food and drink) at the numerous checkpoints.

Send stamped addressed envelope for further details to address on page one.
