## REPORT

Despite an indifferent summer the Guildford Boundary was blessed with a fine dry day and good views from the hills on the southern part of the route. As a result of the new North Downs Way footbridge over the River Way at St. Catherine's having at last become a reality this years route was shortened by about a mile (although at least one regular ignored the route description and followed the old route). I should like to thank chief marshal Dan Hadfield for organising the checkpoints and the diversion across Blackwell Farm where we again clashed with the hunter trials. Our thanks go to all Surrey Group members and friends who manned the checkpoints especially those who manned the A31 crossing and insured an accident free day. The accounts are being finalised but I hope to be able to have the figures available by the Wisley Kanter when the amount donated to the Guildford Adventurers Playground will be displayed. This is a specially designed adventure playground and centre for handicapped children, opened in 1984 and run by voluntary workers and a small staff.

The 1986 Guildford Boundary Walk will be on SUNDAY SEPTEMBER 21st

Barbara Blatchford
