

SURREY INNS KANTER - JANUARY 1ST 1981

The New Year started with splendid weather for walking and 124 people used it to advantage in some bracing countryside and relaxing pubs near Guildford. I put in Guildford castle for its views and Racks Close where wool used to be dried on racks to show walkers some good places in the town and provide a test of urban navigation. It was a test many failed!

Walkers seemed to enjoy the route but there was one complaint about a lack of "real" ale - I'll try better next year! Most people took the walk in a leisurely fashion but Martyn Greaves and Ernie Bishop did a steady jog to take only  $3\frac{1}{2}$  hours for 18 miles, with Mark Pickard still suffering from his injury 6 minutes behind. Two walkers failed to report back to the finish - this is always difficult for the organiser and a phone call should be made if a walker cannot finish. Most walkers were from different LDWA groups but 18 people came from the Kingston R.A. group, but the furthest travelled walker came from Cumbria!

The new certificates were appreciated and thanks are due to Christine Butterfield for drawing it, Chris Steer for printing it and my wife, Jill, for the idea. Thanks also to my sons, Nicholas and Alexander, for helping through the day, Chris Steer and Jill for helping with the return, Jeff Ellingham with the start, and the secretary of the hall, Charles Smith, for adding to the refreshment facilities.
