REPORT

I thought I would give everyone a change from last year and offer dry paths to all our walkers and runners. Unfortunately, the afternoon's weather made sure that, even though the feet were dry, nothing else was! I felt quite pleased ensconced in my warm dry kitchen, preparing the soup and tea. However, people seemed to like the courses and found parts they hadn't seen before. I was surprised how few knew Chinthurst Hill was public property and had been there. It has excellent views and the first rhododendron in the area to flower - usually in February. There were also good views from the downs - if anyone could have seen them. I'm sorry about my two mistakes on the long course - interchanging the two pubs in Shere and in the Clandons - a result of my walking it out in the reverse direction. I hoped everyone knew what a gazebo was!

The short course had the excellent tearooms at the Barn at Newlands Corner but one or two used the caravan tea instead - the quality served you right! One person found the date at the golf club by seeing a golfer wearing the date on his T shift. Graham Peddie, specially spruced up for the occasion, managed to run off without his check card but the fastest times were done by Dave Menday, from Aylesbury, and Mark Pickard, now happily declared fit again. Martyn Greaves again just failed to beat the three-hour barrier - it's not as easy as marathons is it? - runners have their problems, though. One passed Chris Steer 4 times!

Other welcome regulars were from Kingston RA, who this year split into two teams, the Hares and the Hounds. A good time was had by both groups. This year we had the combination of a large number arriving early at 9.00 a.m. and a lot returning very late - well after 4.30. Please try and get back before this, for the organiser's sake.

Thanks are due yet again to my two sons Nicholas and Alexander who worked themselves out during the day in the kitchen and on the results tables, and also to Chris Steer who helped with entries before he started and did an hour and a half in the kitchen after he finished. We had about 220 starters this year (103 recorded named finishers on the short route and 76 on the long) and this is just about the limit for me and my family. I will be seeking some help next year!

Thanks also to Barratts and the Hays Group for allowing us use of their car parks and to the Village Hall Committee for providing an excellent venue. This was the 10th Surrey Inns-Kanter and the 8th at this location. The 10th anniversary will be at the same place, almost certainly on January 1st 1985. See you then and a Happy New Year.
