Retired: Keith Watson & his youth group - Anthony Walter, Graham Instrall, Lisa Barnett, Wayne Jordan, Andrea Reed, Charles Padfield, Patrick Alder (or the parents would have been kept waiting too long); Jenny Nichols, Viv & David Large, Byron Davies, Alan & Diane Leahey, Cathy Logan, Angela Holme. John Short went round but didn't answer any questions. Simon Jones & Mandy Hodgson did not return.

62 took part altogether, with 37 entering the Standard event, 19 the 21 mile Points Kanter and 6 the 13 mile one. There were more failures to complete than I can remember on any Kanter with 2 not finishing on each of the 2 points kanters but 19 on the standard! Perhaps the hot weather and the beautiful wild flowers made people too contemplative to walk.

Competitors had a lot of fun with some clues - & so did the organisers trying to mark the scores! The initials on Hascombe Beeches gave the most trouble and we accepted about 5 different answers, tho' quite independently the 2 organisers found the same - KSW. We also accepted Walcott (a marvellous West Indian Batsman) as well as Wickets. We did not accept Charollais or Horse instead of Alsations there was a large notice! Several people didn't find the little footpath near the road by Winkworth and so missed the steps. Some were careless with the postbox and didn't pick up ER VII as Edward 7th.

There some 3 all corrects on the 21 miler - all Guildford Orienteers and Graeme Crowe having delayed his holiday by a day to do it, got his 100% on the 13.

Thanks to all who took part. It's hard work organising a points kanter, but fun if you're not too busy. However, next time we'll drop the very short one.
