Last year, I hoped you would be able to enjoy the good views this walk has. But I'm afraid you will have to wait till 2002. At least I don't think the weather could be worse next year.

Indeed I have been given the **Herbert Gatliff** award for, as the citation states:

"This year's event offered conditions under-foot that almost defied comprehension. Never has so much mud and filth (let alone freely cascading water) been witnessed. Furthermore, never have atrocious circumstances been provided with such unremitting thoroughness, mile after mile".

As the conferer, Dick Ockenden, is such an expert in mud, this is truly a great honour.

The worst conditions were on Elstead Common on the 30 mile route, where the paths had disappeared in a great area of water. Some walkers went straight through with water half way up their thighs, some took the advertised alternative and others got to the road early and used that.

To make you jealous, the marshals' walk was held with a blue sky all day and the ground frozen for most of the way, causing some problems for joints with the hard lumps of clay. 5 did the 25 mile walk - Ashley Saunders in 9hrs 5mins, John Lay in 9-10, Ann Sayer, Molly Groundsell & Elizabeth Bryan in 9-13. (I walked to Gibbett Hill and then back to Haslemere).

Amazingly, considering the conditions, 73 entered on the day, and almost everyone said they'd enjoyed the challenge and hoped to be back next year. Can I offer my sincere congratulations to everyone who took part in the event, whether they completed either the 25 or 30 mile routes or called it a day after a lesser distance. As would be expected, times were slower than last year with the first home, Chris Fanning, taking an hour longer than last year! Because of the difficulties, we kept the finish open longer than normal and gave certificates accordingly.

216 (211 in '00) entered the event (73 on the day), 29 failed to start and 36 did not finish either route, giving 151 finishers, 89 doing 30 miles and 62 doing 25 miles. As the damp made some check cards difficult to read, there may be a few mistakes, tho' I have triple checked. But **you** know what you have done.

I would once again like to thank the marshals, who made it all run smoothly - the plunge into darkness during the check-in was caused by 1 entrant ignoring 3 instructions not to use the electric toaster before the sockets had been sorted! Dave and Pat Challenger, Gillian Bull, Derek Bowdell, Brenda Ryan & Phyllis Facer looked after Dunsfold; John Lay, Les Maple, Louise & Tony Cartwright & Ann Sayer did Grayswood; Brian Haigh, Caroline & Ashley Saunders, Ray Jolley & Tom Sinclair did Elstead - I'm sorry that the number who tackled 30 miles gave you too little to do! John Westcott was on his own on Gibbett Hill, as a checker and provider of 25 mile routes.

At Witley, Lesley Nightingale and Don Turner did the entries and logged in the finishers, putting in another very long day. Ann Sayer also did entries & Jeff Ellingham & John Westcott also helped at the start. The kitchen was looked after by Derek Bowdell, Brenda Ryan, Phyllis Facer, Peter Edwards, Ken Styan, Janet Chapman, Cynthia McLeod & Jon Moore. Jon also looked after parking at the start and did the event! Jeff Ellingham booked the hall and helped at the start and finish. Reg Chapman provided most of the equipment and closed the checkpoints. Ann Sayer was entry secretary, checked half the route and helped at the start as well as at Grayswood. Brian Haigh checked the other half of the route. And after the event, Harry Wickens produced the usual comprehensive results. My grateful thanks to you all. My apologies to anyone I've missed

I would also like to thank the committees for the Chichester hall at Witley, the sports pavilion at Dunsfold and the village halls at Grayswood and Elstead for the use of these and for their help.

**An advance warning.** After lowering the entry fee 6 years ago, rising costs will make Surrey Group raise the entry fee next year. But I think it'll still be one of the cheapest around. Next year, I will also make the cut-off time at Gibbett Hill, when entrants have to do the 25 mile route earlier. A number of people left themselves too little time for the last 10 miles of the 30.

**Any Comments on any aspect of the event would be welcome.**

**Lost - pair socks, compass. Found - T shirt, top, cap, compass.  
Remember, if unclaimed, these will be disposed of after 1 month.**
