REPORT by: Jeff Ellingham (with extracts from reports by George Foot & Brian Haigh)

Conditions underfoot for the 287 starters (214 in 1992) were very good (especially compared to the Winter Tanners of a few weeks previously), as was soon indicated after 1 mile by the unusually dry mire found after the Black Barn. The steady light drizzle wouldn't have been what anyone had hoped for, but this cooling (not cold) effect made for good walking & running conditions. The all-day lingering mist once again restricted the views to short range ones. Misty days in Winter have a lot more atmosphere about them than dull days in summer especially in the late afternoon. Those who finish soon after midday miss out on much of the experience.

My usual practice is to treat everyone as a 7.30 starter unless they registered after 7.32am. This always works well under John Westcott, but John was unable to be there on the day, and I mistakenly thought that Reg Chapman could not be expected to take on John's system at such short notice. Reg of course coped admirably, as he has done with so many jobs within the Surrey Gp. I therefore apologise for changing the registration procedure just 15 minutes before the Start.

As on most LDWA Events, the mix of Walkers & Runners usually works well. This year it was a different story, as just ONE runner wished it to be an experience that would be remembered, as he shouted at the Walkers to get out of his way. Not suprisingly some were a little slower than usual to step aside. Fortunately the other runners, perhaps a little more experienced in taking part in Events such as this, were more considerate towards their slower colleagues.

As the organiser I must take some of the blame for allowing this situation to arise in the first place, so despite the consequent lengthening of checkpoint hours, there will in future be a Mass Start for Runners at 7.30am, to avoid a recurrence.

Many alterations have been made to the Hall over the last year but maybe the most appreciated was the improvements to the plumbing. And one runner commented that the showers were the best he had ever found at an Event.

Afterwards there seemed to be a fair amount of disgruntled talk about the number of Walkers who had not been able to get a place on this year's Hundred. The entry list seemed to have closed within a week of opening. This may have been due to the number of fell runners who enter our 100s when they are in the northern part of the country. Anyone who is desperate for a 100 completion should volounteer to Marshal, and therefore qualify for the Marshal's Walk. Most Groups are manning a Checkpoint, and if you want to join the Surrey Gp in DANBY Village Hall at about 80 miles...let Jeff know (before our limit is reached (not 500!)).

Suggestions had been made that we should commemorate the 25th Anniversary, but this could not be a year for special celebrations, as each year every effort is made to make the Event special & better than the previous one. Every year this Event is dedicated to the memory of Alan Blatchford and Chris Steer who were this Event's (& the LDWA) founders. They encouraged me to take over in 1976 and were a constant source of advice and help. Their fine example in all matters is still a source of encouragement to the many of us who were priviledged to know them.

As usual the Entrants were full of praise for the Marshals, and I would like to add my own appreciation. I personally try to arrange a perfect LDWA 'day out'; but the Event cannot go ahead without Marshals, so I am very grateful to those who worked all day, as well as to those that chose a shorter route in order to help.

I find it difficult to write reports (worth reading) for the Punchbowl and The Surrey Summits, so if ANYONE feels capable of writing a very brief report (as soon as possible after each Event) of some of their own experiences, to build into my own report, I would be most grateful.

BADGES: Available for £1.50 and sae.
PROPERTY LEFT BEHIND: A pair of gaitors + various socks

I hope you ALL enjoyed this Event; and to those who have already written — or said so on the day — Thankyou. It's nice to find that our efforts are appreciated.
