**REPORT AND RESULTS**

The 45th edition of the Kanter was held in the Oxted area for the third time. There were 81 entries in all, the highest for some years, of which 52 were members.

The venue of St Agatha's Hall, Hurst Green was new to LDWA. It had been a church twice in its history, dating from 1895.

Oxted has survived the long term decline in the pub industry, and boasts five pubs of which four are all in the high street of Old Oxted.

The event crossed the border into Kent for the first time, visiting historic Westerham with its connections to Sir Winston Churchill, General Wolfe, and William Pitt. It was the first LDWA challenge event to go through Westerham for many years. The route included sections of Vanguard Way, Tandridge Border Path and Greensand Way.

The grasshopper appeared in two pub names, one of which was on both routes, it was part of the crest of the Gresham family who owned the Manor of Westerham from the time of Henry VIII until the late 17th century, and is also the logo of Limsfield Chart Golf Club, which featured on the long route.

The weather on the day was fine with sunshine and temperatures reaching double figures, and the conditions underfoot were good with several mild dry days following the Christmas period.

Most walkers and runners managed the route in good time, the two who finished first in the long route had already done the Riddlesdown parkrun earlier that day!

The souvenir beer mat this year was based on the acorn and oak leaf which are the symbols of Hurst Green on the village sign, and the design dated from the 1890s, to match the age of the hall.
