A frosty day with sunshine showing the route off to good effect. Of particular note, the route included fine views of the Mole Valley as you went up the "easy" way to Mickleham Down, the ridge on the Down itself, Benstead Heath, Colley Hill and, for the 30 milers, Headley Heath. A good day for walking but a little cold for those standing round at the checkpoints to whom I extend my grateful thanks. My apologies for the grid reference error. Also the missing "2 posts" at the Gatwick Farm development. They were there 3 weeks prior to the event. Having shorter routes as an alternative to the normal 30 mile route seemed to be popular and I will have at least one shorter route for the 2001 event. David Kennington, Property Manager for the National Trust has asked me to thank those who donated to the Trust. He says he will put the money into the Surrey Hills Appeal which helps to purchase and maintain land in this area for permanent preservation. Total amount donated was £90.15.
