+ Certificates have not been issued where there is no record of a start and/or finish time. Starting times may be missing because those involved were not aware they had to notify the starter of their departure after they had registered. Most of the missing finishing times appear to be because those involved got back before the opening time of 13.00 hours even though Dave Green was there to book in long before the official time. 3 people who did this 'phoned later to record their finishing time. The organiser will issue certificates on receipt of the missing information.
