**Website Statistics Definitions:**

LDWA website usage has been monitored since 2009 (full-year) by Google Analytics, a widely used tool. The statistics relate to the sites under ldwa.org.uk including the national site and templated group and 100s sites. The definitions below are from Google Analytics.

Analytics measures both *visits* and *visitors* in your account. *Visits* represent the number of individual sessions initiated by all the visitors to your site. If a user is inactive on your site for 30 minutes or more, any future activity is attributed to a new session. Users that leave your site and return within 30 minutes are counted as part of the original session. The initial session by a user during any given date range is considered to be an additional *visit* and an additional *visitor*. Any future sessions from the same user during the selected time period are counted as additional *visits*, but not as additional *visitors*. The *Unique Visitors* metric is the number of unduplicated users that viewed or interacted with your content within a specific date range.

A *pageview* is defined as a view of a page on your site that is being tracked by the Analytics tracking code. If a visitor clicks reload after reaching the page, this is counted as an additional pageview. If a user navigates to a different page and then returns to the original page, a second pageview is recorded as well. The *Pages/Visit* (Average Page Depth) metric displays the average number of pages viewed per visit to your site. Repeated views of a single page are counted in this calculation. This metric is useful both as an aggregate total as well as when it is viewed with other dimensions, such as country, visitor type, or mobile operating system. *Average visit duration* is: total duration of all visits / number of visits. *Bounce Rate* is the percentage of single-page visits (i.e. visits in which the person left your site from the entrance page without interacting with the page).

- \* Non-Executive/Non-Committee
- + Unelected Holding Committee
- ) Left post during year
- ( Co-opted and/or took up post during year
- X No longer a member of the LDWA

A few members have had more than one Committee role at a time (eg Keith Chesterton acted as Secretary as well as Treasurer for a spell in 1980-81).  
Only the primary role is shown.

Occasionally, members have changed roles within the Committee during the year.  
In these cases, only the main role is shown.
